

# 中外建筑

The image features a stylized illustration of traditional Chinese architectural eaves on the left side, rendered in a light gray, sketch-like style. The eaves are shown in a stepped, ascending manner from bottom-left to top-right, with each level having a curved, upturned roof edge and a row of dark, overlapping tiles. The background is a light beige color with a subtle wood grain texture. Centered on the page is the title text in a bold, orange, sans-serif font with a slight drop shadow.
